President's Message: Vera Kenyon

MEMBERSHIP!! We each belong to the Idaho Library Association, but we all know those who should, but don't. Take time to visit your neighboring librarians or trustees and explain to them why you do belong, the benefits they can derive and then invite them to become members. If we all do our part we can make this great association even greater. Howard Downey, Pocatello Public, is our new Membership Chairman. He has a goal of increasing our membership by a minimum of 10 percent. Let's each make that a personal goal. Our association will be stronger and more viable for our efforts.

During the Second General Session one of the comments made was that some people stayed home because they felt that none of the programs addressed their needs or interests. If you have a specific workshop, a specific subject, or a specific speaker you would like, please either let me know, or let your division chairman know. We will try to accommodate your wishes. If you do not let us know then we cannot second guess your desires. You have an obligation to help us arrange your conference.

The State Library has circulated a very comprehensive document, *Gateway to Communication*. If you have not read it, please take time to do so. One reading will not be sufficient, but it will start the "wheels turning." As is stated within the body of the work, the "document will generate considerable discussion" and agreement and disagreement. If you weren't sent a copy, visit your public library and ask to read it. There are implications within the document of actions the Idaho Library Association and most particularly the Public Division should take. I would suggest that this should also include the trustees. If the efforts of those who spent many hours compiling this document are not to be wasted, then we must all take time to read it; discuss the pros and cons of the information contained therein; form our own opinions; and act upon those opinions. The implications of this document are long-term and far reaching. Don't be caught unaware!

Thank you to you, the membership, for the opportunity you have accorded me to serve as YOUR president. If there is anything I may help you with or do for you, please ask. I will try my very best to do what needs to be done. Please keep me informed of what is happening in your area. I travel the length and breadth of this state quite often, so it is possible for me to visit your library, trustee meeting, school, college or special library.

In the meantime, don't forget to ask that non-member near you to join the Idaho Library Association. With all of us working at it, ILA will "Come Alive in '85."

Vera Kenyon
District Librarian,
Wilder School District and
ILA President

Guidelines For Authors

The editors of the *Idaho Librarian* welcome letters and manuscripts. Please follow these guidelines when preparing your submissions.

1. Letters and manuscripts should be typed and double-spaced on 8½" by 11" uncoated paper (no erasable bond, no clay-coated photocopy paper). Please type on one side only.

2. On the first page, start typing about ⅓ to ½ way down the page. This gives us room to include our instructions to the printer at the beginning of the article.

3. Use wide margins; 1¼" to 1½" is not too wide.

4. Please type your name, job title, Idaho Library Association affiliation, phone number, and address on the last page of your manuscript.

5. Photographs must be black and white on glossy paper.

6. *The Chicago Manual of Style,* 13th edition, is our style book. Please consult it if you have any questions about the mechanics of writing or preparing your manuscript.

7. Send your letters and manuscripts to the editor at Moscow.

President's Message: Vera Kenyon

Our Executive Board meeting finally happened! We've been trying to get together for three months. I am very secure in feeling that this will be a great year for ILA. The officers you elected to work with me are top notch people. I am honored to be working with them, for you. The division chairs all have a good handle on their goals for this year and are busy planning a great conference for you in October.

As you are aware, the 1985 conference will again be a joint effort with the Idaho Educational Media Association. We met together to begin the planning and the spirit of cooperation and camaraderie was encouraging. We toured the Student Union facility at Boise State University and found it most satisfactory.

In the January issue, I alluded to the reorganization of the Public Library Regional Systems. With the termination of the regional funding, I am sure that many of the small public libraries are frantically wondering just where they will be able to turn to for the assistance they both needed and found from our fine Regional Directors and Consultants. In visiting with Trustee Division chairman, Mary Jane Kinney, she assured me that public libraries in Idaho have endured many changes over the years and that they could survive with these changes, too.

As a trustee of a very small public library which was established on the promise of assistance from the Region, I am concerned. In the seven years since our district was established we have gone from total dependence to *near* total independence; the major source of dependence still being interlibrary loan service. Lynn Melton, our Regional Director, has assured us there is a way to continue this service and the training workshops for the librarians. I'm sure that all of the Regions are considering alternate ways to still continue this assistance to the libraries in their areas. Let's try to look at the bright side of this change rather than the dark, gloomy side.

I was privileged to be asked by the Nampa Library Board to present the Special Services to Libraries Award to Dick Claiborne at a regular Nampa City Council Meeting. Mr. Claiborne accepted, thanking the Idaho Library Association stating that he shared the honor with Mayor Goering and the rest of the councilmen. The Nampa Public Board of Trustees and Librarian Gerda Ruppert are to be commended for having such an excellent working relationship with their city council.

In closing, I would again remind you of the 1985 conference to be held at Boise State University. The theme for this conference is "Preserving Our Libraries," a very appropriate theme. You will find information available to you on survival of floods, fires, the far-right, and more. Make your plans now to attend in Boise, October 3, 4, and 5, 1985. Bring a neighboring librarian with you—both of you will be glad you came.

District Librarian,
Wilder School District and
ILA President

Guidelines For Authors

The editors of the *Idaho Librarian* welcome letters and manuscripts. Please follow these guidelines when preparing your submissions.

1. Letters and manuscripts should be typed and double-spaced on 8½" by 11" uncoated paper (no erasable bond, no clay-coated photocopy paper). Please type on one side only.

2. On the first page, start typing about ⅓ to ½ way down the page. This gives us room to include our instructions to the printer at the beginning of the article.

3. Use wide margins; 1¼" to 1½" is not too wide.

4. Please type your name, job title, Idaho Library Association affiliation, phone number, and address on the last page of your manuscript.

5. Photographs must be black and white on glossy paper.

6. *The Chicago Manual of Style,* 13th edition, is our style book. Please consult it if you have any questions about the mechanics of writing or preparing your manuscript.

7. Send your letters and manuscripts to the editor at Moscow.

"The Experts Agree That Censorship Works" reads a poster available from the American Library Association (ALA) Office for Intellectual Freedom (OIF).

The poster pictures Hitler, Khomeini, Castro and Stalin and reads:

"The experts have always agreed that censorship is the single best way to promote agreement on an idea. Even on a bad idea. Censorship worked in Nazi Germany, and censorship works today in Iran, Cuba and the Soviet Union.

"Today, a few so-called 'decency' groups are trying to make censorship work in America. These people feel that if you aren't allowed to watch 'dangerous' televison programs like 'Mash' and 'The Day After,' or read 'immoral' magazines like *Ms.* and *Penthouse* or books like *Ulysses* and *Huckleberry Finn,* our nation will be a better place.

"Fortunately, in America, you don't have to trust your freedom to 'experts.' You have the freedom to say *No* to censorship. Say it today—tomorrow may be too late.

"Freedom is everybody's business."

The poster, sponsored by *Penthouse* magazine, is available for a $2 postage and handling charge from: *ALA/OIF, 50 E. Huron St., Chicago, IL 60611.*
